**Welcome to our friends in the cattle business,**

We would like to extend a special invitation to be with us on Saturday, April 12, 2014 for our annual production sale at the ranch. The cattle will be on display for your viewing and we will have videos available prior to the sale. The cattle will be sold by video auction. Come and join us for lunch and let's have an auction!

2013 is behind us and turned out to be one of our better years on our homestead and homestead it is. My great grandfather and grandmother homesteaded on this quarter in 1888 and it is now home to the 4th and 5th generation. This truly was one of the best years this land has produced since this 4th generation rancher-farmer has been in business. We are very thankful and have been blessed!

However, not everybody was so fortunate in South Dakota. "Atlas" proved to be an enormous tragedy and devastation for many livestock producers of western South Dakota. Our hearts go out to those families and pray that they may continue their livelihood and get through this very difficult time.

The bulls weaned off very good with respectable weights and with no creep or grain...just milk, grass and good water. The Hereford bulls and Angus bulls were weaned on our feed supplies and were grown on a moderate roughage and grain ration. They are performance tested, ultrasounded, semen tested, and ready to be used.

Again we are offering registered Hereford replacement heifers in our sale. They are moderate to low birth weight heifers with good numbers. We will have both polled heifers and horned heifers (they are dehorned) at the auction. The heifers have been Bangs vaccinated and have had their pre-breeding shots. They are ready to breed.

Feel free to come and look at the cattle any time. Please call ahead if possible. Again we are broadcasting live by DVAuction on the internet.

Please join us for lunch on sale day and we hope to see you on Saturday, April 12.

Thank you for your friendship and your interest in our cattle.

The Thorstenson Family

3.7	63	99	20	52	.041	.93	.25

Sired by 25L and out of one of our best cow families. Thor is a sire that is better than breed average in all measureable traits and is a trait leader in nine different traits. This unique tabulation puts him in a category of only a few select sires in AHA. His sons and daughters indexed the highest in our herd of the sires we used. Co-owned with Frederickson Ranch and ABS.

20X is the "MVP" of the young herd bulls. He is low birth weight with curve bending numbers...superior growth, milk, carcass and eye appeal. His solid markings with full eye pigment and great disposition round out his MVP traits. His EPD numbers across the board put him in very select group of herd bulls.

0001X is a moderate framed, really thick herd sire with powerful muscle shape. He is solid marked with eye pigment and large testicles. His dam, 1028, is one of Jack Holden's best cows and has produced over \$200,000 in progeny sales. A role model brood cow that makes 0001X very important in our program. His sons should really cross on black cows.
