Welcome from Thorstenson Hereford Ranch,

We would like to extend a special invitation to be with us on Saturday, April 14, 2012 for our annual bull and female sale at the ranch.

Wow! What an unusual winter. Mild temperatures and very little snow to move or dig out (until the end of Feb.) compared to our previous two winters...a nice break for us northern ranchers.

The cattle market has been extremely good. Our beef cow numbers are the same as 1952 and the world population has increased. The beef industry is exporting more beef and feeding more people across the world. Our industry really is more efficient and producing a higher quality product. The future continues to look bright for the cattleman.

We strive to maintain our beef cattle on the ranch with least cost inputs. The bulls and heifers were on the cow till the first week of November with no creep and were then weaned. The cowherd ran out on grass, then corn stalks till the middle of January.

With all the talk of measuring efficiency in cattle, the addition of a Hereford bull on black cows is the simplest and perhaps the ultimate cross. What an opportunity to increase efficiency and get paid for it!

Another feature in our sale this year is we are selling 30 registered yearling heifers. They are right from our replacements and are a quality bunch to pick from. The heifers are bangs vaccinated and have had their pre-breeding shots. They are ready to breed.

Feel free to come and look at the cattle any time. If you can't make it to the auction, contact me or any of the field men.

The sale offering will be videoed and will be available prior to the sale.

Lunch will be served beginning at 11:30 am. Please join us and thank you for interest.

The Thorstensons

*Our new grandson, Micah William, born January 8, 2012.
Son of Tate and Michaela.*

Directions to Ranch:

Turn west on Highway 12 & 83 south of Selby at 131st Street which is 1 mile south of Selby. Go west 2 miles on oil road and ranch is ¼ mile south.

Tremendous breeding bull! 2,600 lbs. at three years of age. He breeds moderate birth weight and superior performance with big ribeyes. Trait leader in 6 traits and daughters are thick, very good uddered with strong maternal traits. His influence can be seen in his offspring as good haired, really good footed and powerful thickness.

Sired by 25L and produced by one of our best cow families. Thor is a sire that is better than breed average in all measureable traits and is a trait leader in 12 different traits. This unique tabulation puts him in a category of few sires in AHA. Several sons sell. Co-owned with Frederickson Ranch and ABS. Semen available.

4144 is a horned bull we raised and is sired by a son of CL 1 Domino 484. Strong topped, big hipped, long bull. Daughters are in production, have good milk, and are great mothers.

Sire we raised and used on heifers. Full eye pigment, solid marked and red to the toes. His calves were small at birth and worked slick on heifers. His sons should do the same.
