For General Questions Please Contact Our Office

*402-316-5460 or support@dvauction.com.

Welcome,

We would like to extend a special invitation to our 43rd annual production sale at the ranch. We are so very grateful for all the support and interest in our program by all the people throughout the country. We have strived to produce cattle that are structurally sound, eye appealing, performance driven cattle that have desirable dispositions.

As I write this, the COVID-19 pandemic is upon us and our lives have been temporarily changed in the way we enjoy our freedoms. Hopefully this will run its course and we will all be back to our normal lifestyle and freedom of coming and going as we please. We pray for those of you that are affected more seriously whether it is health issues or economic hardship.

The cattle will be on display for viewing on sale day, Friday, April 24, 2020 and the sale will be conducted by a video auction. The videos of the offering will be on our Website, www.thorstensonherefordranch.com. Doug Dietterle is the auctioneer and the sale will be broadcast by DVAuction.

Join us for lunch on April 24 and look over our impressive offering of both Hereford and Angus genetics. We will have both polled and horned Hereford genetics and the horned cattle will be dehorned. Again this year we will be offering a group of registered Hereford heifers and a select group of fancy Angus heifers.

With 2019 behind us, we certainly remember all the trying times from extreme cold, blizzards, excessive moisture and difficult harvesting of hay and grain. Through the grace of God we made it through and are looking forward to a better 2020.

The bulls and heifers were summered on an abundance of grass and no creep feed. After weaning, we have grown the bulls with a moderate growing ration with soundness and longevity being of great importance. Our offering represents a complete testing from birth to sale day...health, performance, soundness, disposition, and fertility.

Thank you for your friendship and interest in our cattle. Feel free to come and look at the cattle anytime and hope to see you Friday, April 24, 2020 at the ranch.

William Thorstenson Family

Sired by 25L and out of one of our best cow families. Thor is a sire that is better than breed average in many measureable traits and is a trait leader in six different traits. This unique tabulation puts him in a category of only a few select sires in AHA. His sons and daughters indexed the highest in our herd of the sires we used. Co-owned with Frederickson Ranch and ABS.

Apex 262 is son of KCF Summit that was purchased from BAR JZ to use on first calf heifers. He is goggle eyed and solid marked with real good calving ease. We had real good luck calving heifers with him. They were born small, marked like him and had good vigor. There are some calving ease bulls in the offering to use on heifers.

Bravo 319 is another BAR JZ herd bull that is sired by the Bruiser Herd bull. The 319's are small at birth, have good growth with thickness and performance. His first calf crop averaged 100 for birth and 107 for weaning weight ratio. A heterozygous polled bull and Don remarked if he was homozygous, they would have kept him. His dam is one of Don's favorites.

Domino 6107 is a herd bull we purchased from Pyramid Beef. He is really attractive, long, muscular herd bull sired by one of the leading sires for many years in the Hereford breed. His dam is one of their leading cows on the ranch and is now in their flush program. A very strong maternal sire and just really good all-around useful sire.

GENERAL INFORMATION

Terms and Conditions:

Terms of the sale are cash. All cattle are the buyer's property as soon as sold and will be taken care of for a reasonable length of time at the buyer's risk. Neither the owners nor any person connected with this sale, assume any liability, legal or otherwise.

Guarantee:

Every animal is to the best of our knowledge, free from any disease or defect. All animals are guaranteed breeders. If the animal proves to be a non-breeder, either an animal of comparable rank will be substituted or money refunded or credit in a future sale.

Health:

Birth: Alpha 7 + Morxella Bovis

Spring: IBR, BVD, BRSV, PI3, Somnus, Mycoplasma Bovis & Morxella Bovis

Pre-weaning: IBR, BVD, BRSV, Pasturella +7 way, & Mycoplasma Bovis

Weaning: IBR, BVD, BRSV & poured with Promectrin

Health papers will be furnished for shipment to other states.

Free delivery to central points.

We use both of these Hickok bulls on heifers and were well satisfied with their calving ease. The Mill Bar Hickok 7242 herd bull has one of the highest docility scores in the Angus breed. The two sons we used are extremely docile and are thick with tremendous length and good footed. First sons offered by Hickok.

Herd bull from Millar Angus of Sturgis, SD that was one of the high sellers. Powerful bull in many ways...long bodied and deep sided with that square look. He stamps his calves just like himself. Daughters are just calving and are going to make productive cows with good udders and plenty of milk.

SAV Priority son from Severance Angus of Ryder, ND. This guy is really put up...long, muscle, deep sided with moderate frame and very docile. This herd bull is one of our favorites. We can rub him or spray him right in the breeding pasture. Several bulls by him and they are an excellent sire group.
